# Ring Size Guide <br> (Measure the Circumference of a Finger) 

## Step 1

Print this document on A4 paper at $100 \%$ scale (or actual size). Check that page scaling is set to 'none' in the printing dialog box. Measure the line below to determine the printed size. It should be exactly 3 cm (1.18") in length.

Step 2
Select the finger on which you intend to wear the ring. Wrap a non-stretchy string or strip of paper around your finger for a snug fit (be tight and precise). Mark where the string or paper starts to overlap to form a complete circle.

## Step 3

To determine your ring size, place the string or paper strip on this printed paper page. If you are in between sizes, go with the larger one.

## $3 \mathrm{~cm}-1.18^{\text {" }}$

Size 49-49.32 mm-1.942"
Size 50-49.95 mm-1.967"
$\longrightarrow$
Size 51-51.21 mm-2.016"
$\longrightarrow$
Size 52-51.84mm-2.041" $\qquad$
Size 53-53.09 mm-2.090"
Size 54-54.35 mm-2.140"
$\longrightarrow$
Size 55-54.98 mm-2.165"

If you cannot find the ring size that fits you, please contact us. We can make you a custom ring size.

International Ring Size Convertion Chart

| Europe | USA | UK/Australia | Diameter |  | Circumference |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
